“ **Our customers are our best sales force.** Real estate agents and consumer-driven services like Angie’s List and Home Advisor refer Men on the Move all the time. But don’t take our word for it—ask colleagues, friends, and people you trust for a moving company they’d hire again. Then call us for an estimate!

”

- Gary Bulson  
Owner,  
Men on the Move

## About Men on the Move

Family owned and operated since 1991

Our movers aren't just big guys who move your belongings from one place to another. We are conscious professionals who handle your belongings as if they were our own. It may sound old-fashioned, but we at Men on the Move take pride in a good day's work and a higher standard of service. That's just who we are.

## Why Choose Men on the Move?

- ♥ Licensed & fully insured
- ♥ 7 days a week
- ♥ No minimums
- ♥ Short notice welcomed
- ♥ Senior discounts
- ♥ Affordable moving rates
- ♥ Local & long distance movers
- ♥ FREE wardrobe usage
- ♥ Secure indoor storage
- ♥ A-rating with the BBB
- ♥ Special offers and incentives

## For the fastest, most efficient, and safest move possible, we ask that you please do the following:

**PACKING:** Pack everything in boxes. Do not use plastic or paper bags. We will not be responsible for china or antiques, or other valuables that are in boxes that are not professionally packaged. We have boxes available for purchase.

- ♥ Shut and tape all boxes. PLEASE call us if you are going to have more than 50 boxes.
- ♥ Clearly mark the destination of each box on top and sides.
- ♥ Mark boxes containing glass, etc. as "FRAGILE".

**PARKING:** Reserve ample parking for the truck. If parking is to be on a city street, it is your obligation to tell us of any meters that need to be capped by the city. In the winter, be sure to have the parking area and walkways clear of snow and ice.

**CONTENTS OF DRAWERS:** The contents of desk drawers must be emptied. Unless weight is too great, file cabinets can generally stay packed, however, the doors must be either locked or securely taped shut. Clothing may remain in dresser drawers, but remove breakable items (perfume, jewelry, etc.)

**CLEANLINESS:** Please have all items to be moved in a clean condition. We need to keep our moving blankets and other moving equipment clean.

**SAFETY:** Our movers have the right to not move any dangerous items. We cannot transport flammable liquids. Be sure to empty gas from gas tanks, grills and lawn mowers.

**TOOLS:** Have a basic set of hand tools available so that our men can quickly disassemble an item if the need should arise.

**APPLIANCES:** Please disconnect all appliances before the movers arrive.

## Timesavers

There are some things that will help us provide you with a LOWER final price.

- ♥ Move your own pictures, lamps, and electronic equipment.
- ♥ Unhook appliances (\*We DO NOT disassemble gas lines).
- ♥ Remove mirrors from the back of dressers and chests.
- ♥ Remove shelves from bookcases and china cabinets.
- ♥ Disassemble beds.

You and your friends are welcome to help us bring items to the truck, but for insurance purposes, you will not be allowed to enter the truck itself. Tips are appreciated!
